"Your Multi-Sports Center"

Summer - Soccer Skills & Scrimmages Ages 9-12

Jim Lagarde- Director of Soccer

Class Description:

Ages 9-12

This class will continue to emphasize the development of technical skill sets. The main topics still include ball control, passing & receiving, and scoring with additional training for offensive & defensive principles of the game. As our children begin to become independent in their sports choices; this class will begin with technical skill set fun activities. We will introduce some basic tactical decision making exercises to help improve passing options & vision on and off the ball. Each class will incorporate small sided match play.
